### EXAMINER'S AMENDMENT

1. This action is responsive to amendment received on August 10, 2006. Claims 4, 5 and 12 were canceled.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Converse on Sep. 12, 2006.

The application has been amended as follows:

**Claim 9:** - replace “;” after “into the storage unit” at line 18 of the claim with  
- , storing a priority comprising: changing the priority of the server computer so as to indicate the highest priority when the state of the server computer is changed to the single master state; changing the priority of the server computer so as to indicate the second highest when the state of the server computer is changed to the master state; changing the priority of the server computer so as to indicate the lowest priority when state of the server computer is changed to the slave state; and prohibiting a change of the priority of the server computer when the state of the server computer is changed to the halt state;--

### REASONS FOR ALLOWANCE

3. Claims 1-3, 6-11 and 13-15 are allowable over the prior art of record.

Art Unit: 2157

4. This communication warrants no examiner's reason for allowance, as applicant's reply makes evident the reason for allowance, satisfying the record as whole as required by rule 37 CFR 1.104 (e). In this case, the substance of applicant's remarks in the Amendment filed on August 10, 2006 with respect to the amended claim limitations point out the reason claims are patentable over the prior art of record. Thus, the reason for allowance is in all probability evident from the record and no statement for examiner's reason for allowance is necessary (see MPEP 13202.14).

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hussein A. El-chanti whose telephone number is (571)272-3999. The examiner can normally be reached on Mon-Fri 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ario Etienne can be reached on (571)272-4001. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
